

ANNUAL IMPACT REPORT

2018-2019

Connecting people and pets since 1966

Hampton Roads

In 2019, the Virginia Beach SPCA served over **20,000** families, reached almost **9,000** children and cared for nearly **15,000** animals wild and domestic in continued efforts to eliminate suffering and increase human compassion.

Each September, we start a new fiscal year. It is a time of reflection, renovation, remembrance, and celebration. It is the celebration that resonates throughout the shelter with the joy of the work that we do making the most essential human-animal connections. We believe in the importance of this for every Nino, Benny, and Arwen that comes through our doors. And we are the lucky ones- we get to live our mission every day.

2019 has been quite a year- a year of impact, compassion, and learning. Our impact was felt in over 2,700 homes who welcomed our deserving animals as part of their own families; with the over 1,000 wildlife that came through our doors and found pathways to return to their habitat through our robust rehabilitation network; in the eyes of the children in our community who better understand what humane animal care truly means; and in the work of our volunteers who help us to serve our mission every day- on site at our shelter or at our many events in the community.

Our compassion was demonstrated every day through the expert care of our veterinarian teams who treat the animals in our shelter as well as serve the public need; in our animal care technicians who work tirelessly to feed, walk, clean and love each of our animals, regardless of the circumstances; in the faces of our front desk and clinic staff who show concern and hope for all who come through our doors looking for solutions for their challenges with their own pets; and in our leadership teams and Board of Directors

who share our mission with the community so that we heighten the visibility of the need and further our reach. And throughout it all, we never stopped learning. We ask questions of each other and listen to hear the answers. We share our expertise when we can, and we work together to find solutions.

We challenged our core value of innovation: we strive to evolve, always exploring and encouraging a greater impact in our community. Throughout this year, we balanced our obligation to the welfare of all the animals in the community we serve, with our ability to provide quality care and valued customer service at all times.

2020. Wow. This will continue to be a year of transformation with heightened sustainability of the organization, increased positive impact on the number of animals served, greater collaboration with our community and our loyal public, and improved visibility as a leader in animal welfare.

We are on a steadfast journey. Please stay in step with us as we navigate the best course. Because at the end of the day, we all believe in the same mission. For the next Nino, Benny, and Arwen.

With joy and dedication to our mission of compassion in our community,

Derby D. Brackett

In just over 3,000 square feet of space, our professional clinic staff served over 12,000 patients in fiscal year 2019. This includes 5,885 wellness and medical appointments for our lower income public; 335 military and first responder appointments; 4,924 spay/neuters to help manage our animal population; and 11,665 vaccines to keep our companion pets healthy.

Our mobile neuter scooter spent 173 days out in the community providing spay/neuter services to 3,231 public pets.

In 2019, the Virginia Beach SPCA
provided compassionate care to
1,638 injured and orphaned wildlife.

We had help from over 1,000 adult, junior, and community service volunteers, and their combined efforts provided over 19,000 hours of service to the animals.

Value of hours served: \$484,331

humane education programs are
designed to instill empathy and
respect into the minds and hearts
of our youth.

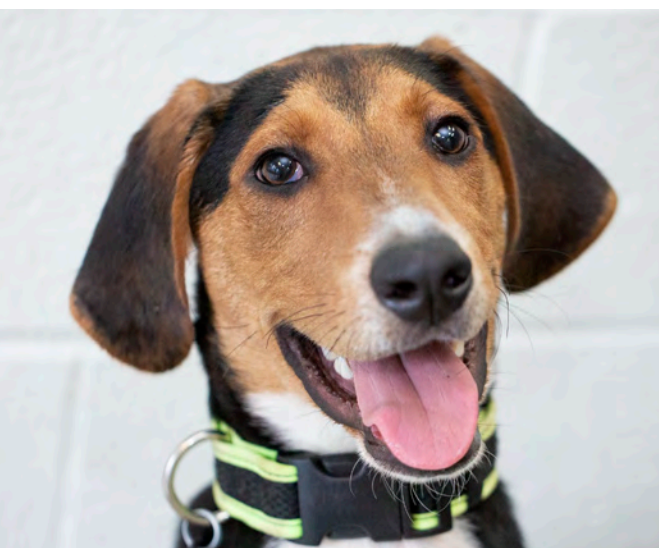

Over 4,000 children
participated in our shelter tours,
summer camps, on-site educational
workshops, and mission-centered
birthday parties. Nearly 3,500 children
participated in VBSPCA in-school
humane education programs,
including Compassion Classroom and
Listening Ears. Student assessments
showed that attitudes of compassion
increased by up to 13%, and reading
attitudes increased by as much as 60%.
